

From Gate 12 A to Public Affairs (Bldg 4010, Room 171)

Gate 12A is located near the Hope Hotel and Richard C. Holbrooke Conference Center off State Route 444.

Once inside the gate, turn left onto Spruce Way at the four-way stop. Follow Spruce Way, curving right, past NASIC, to Skeel Avenue.

Turn right onto Skeel Avenue at the stop sign, where the driving range and flightline will be directly across from you. You will pass the golf course (on your right). Just past the Tennis club (on the left), there will be a fork. Get in the left turn lane and turn left, continuing onto Skeel Avenue. You will pass the fire station and base operations (both on your left).

Follow Skeel Avenue all the way around the flightline and it will turn into Loop Road. The large fuel storage area will be on your left.

The flightline will always be to your left.

You will eventually come to a stop light where you will see a guard shack on your right and State Route 235 runs along the right side of where you are driving. This is Gate 26A. The light stays green unless a truck(s) is coming on base, so be prepared to stop.

Drive past the light and you'll come across a yield sign where the old gate 26A used to be. Drive past it, then veer to the left (you'll see the 445th marquee on your left) at the curve on Arnold Road and turn into the first parking lot on your right which is the parking lot of Building 4010.

If you drive past the parking lot, make a right turn on McCormick Avenue, you'll see the flagpole on your left and make a right turn into parking lot.

The entrance to building 4010 is near the flagpole. Use the door to the left of the flagpole. Public Affairs (room 171) will be the first door to the left upon entering the building. Please sign once arrived.
